

## **Using Data to Target and Plan Gatekeeper Training**

### **2009 SAMHSA Campus Grantee Technical Assistance Meeting**

*Wednesday, January 7, 2009*

Presenters: Paul Quinnett, The QPR Institute  
Cory Wallack, Campus Connect  
Moderator: Dave Stewart, SPRC

### **Welcome!**

#### Today's Agenda:

- Overview--SPRC
- Introduction to QPR--Paul Quinnett, The QPR Institute
- Introduction to Campus Connect--Cory Wallack,  
Campus Connect
- Panel Discussion
- Wrap-Up/Resources

## Overview

### Consulting Data and Research

Who/where are students at-risk?

- Healthy Minds
- NRCCCH
- Big Ten

Who is in contact with them?

- Healthy Minds
- NRCCCH

Campus-specific data?

## Overview

### Definition of Gatekeeper Training

One definition...

“The purpose of gatekeeper training is to develop the knowledge, attitudes, and skills to identify (those) at risk, determine levels of risk, and make referrals when necessary (Gould et al., 2003).”

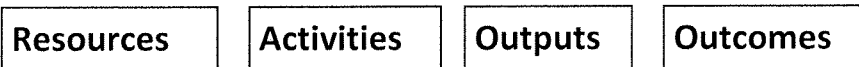

## Overview

### Basic Steps in Planning Gatekeeper Training

- **Campus needs assessment**
  - National and local data
- **Goal Setting**
  - Realistic and achievable
- **Develop and implement strategies**
  - Logic model suggests training content
  - Who to train
  - Core components and methods
- **Evaluate**

## Overview

### A Generic Logic Model

Short-term...

Interim...

Long-term...

Other examples...
